Important aspects to consider before making an appointment in **KEMMClinic México**

Dental treatments performed by our doctors follow strict protocols established by medical science so it is very important to make the diagnosis in each case having the necessary tools such as:

- a) Individual and panoramic digital radiographs
- b) Survey model for dental nomenclature
- c) Medical Evaluation
- d) In the event of dental implants lab studies are required.
- e) 3D Scanner

It is important to consider a first appointment for assessment and diagnosis to establish a treatment plan tailored to the needs of each patient. In case of having previous studies, conducted with **no** more than one month in advance, they can be sent to our clinic to be analyzed by our doctors. The above does not eliminate from the protocol the first date of diagnosis in our clinic.

We have the facilities, materials and full dental lab to solve quickly and appropriately most complex dental treatments and to optimize our customers' time. Today, thanks to scientific advances in the field of dentistry, there are a variety of alternatives to solve different requirements that may arise so your presence is very important to establish a diagnosis, treatment plan and exact budget before any procedure .

Visiting Polanco..

KEMMClinic Mexico is located in Polanco, the most exclusive neighborhood in Mexico City.

Just three blocks away from *President Masaryk Avenue*. This Avenue is considered, commercially, one of the most prestigious avenues internationally because we can find international brands stores such as Salvatore Ferragamo, Chanel, Cartier, Ferrari, Porsche, among many others.

Walking through these streets will be a great adventure full of sensations and our visitors can enjoy the best restaurants and Malls. Close to our clinic, half a block exactly, there is a unique shopping center where you will find fashion flagship stores, “Plaza Antara Polanco”.

The hotel infrastructure in this area offers all sorts of amenities for most demanding budgets up to more convenient. The distance from the International Airport of Mexico City to Polanco is relatively short since the transfer time is approximately 25-30 minutes.
